Orrego Named Finalist for Ernst & Young Entrepreneur of the Year® Award

Bloomington, Indiana –June 1, 2006: Cornerstone Information Systems is proud to announce that CEO Mat Orrego has just been named as a regional finalist in the technology category of the 2006 Ernst & Young Entrepreneur Of The Year® Awards. The Entrepreneur of the Year Award® recognizes “true visionaries who have contributed to economic growth, innovation, and cutting-edge products and services.” This year’s finalists will be honored at the 20th Annual Ernst & Young Entrepreneur of the Year Awards black-tie gala event on Thursday, June 22nd at Navy Pier's Grand Ballroom in Chicago.

“I’m honored to have been selected as a finalist this year, and it’s great to have Cornerstone be recognized as a generous and innovative company” said Mr. Orrego. “But what this really means is that all of my employees’ efforts, hard work and dedication are what truly make Cornerstone what it is.”

Mr. Orrego was acknowledged for his unique and successful management style and focus—his goal is to always help his employees align themselves with how they best perform tasks. They are given a broad objective, and they can do what they feel is important to reach goals and contribute to the success of the company. Mr. Orrego calls it “fostering pride” because he creates an environment where people can apply themselves optimally, be involved in high-level tasks and realize a sense of ownership in everything they do.

In addition to Mr. Orrego’s internal successes, Cornerstone Information Systems proves that what you put in is what you get out of something. Mr. Orrego’s winning perspective and guidance has helped bring the company to 53 straight quarters of profit and an average 20% annual revenue growth over the last six years.

From each region’s group of finalists, the Ernst & Young Entrepreneur of the Year® Award recipients advance to the National competition held in Palm Springs, CA in November.
